

ALEX P. SALMIN, PE

Principal

11 Years with Ehlert Bryan | 23 Years of Experience

EXPERIENCE

Mr. Salmin has 23 years of structural design experience and has been licensed since 2003. He has extensive experience designing mid/high-rise conventionally reinforced and post-tensioned concrete structures up to 32 stories tall. He has additional experience designing steel, wood, masonry, ICF, Epicore/Versa-Dek, and precast concrete structures. Mr. Salmin's experience includes the design and production of contract documents for a wide variety of structures, including apartments, condominiums, mixed-use, hospitals, office buildings, retail, churches, schools, hotels, and parking garages. He also has experience with the evaluation, renovation, and repair of existing structures.
