

# THOMAS A. BOUFFARD, PE

## Principal

33 Years with Ehlert Bryan | 40 Years of Experience

### EXPERIENCE

Mr. Bouffard is a principal of Ehlert Bryan. He is experienced in the design and contract document production of a wide variety of building types including retail centers, office buildings, schools, hospitals, parking garages, residential housing, and renovations with primary emphasis on concrete and steel high-rise office buildings. He has worked with virtually all structural systems found in current construction including post tensioning, flat plate concrete, and composite structural steel. He has a thorough understanding of construction economy and its applications. He brings enthusiasm, experience, and a solid client commitment to each project.
